## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Teachers and students are aware of the stated Programme and course outcomes of the programmes offered by the institution. At the beginning of each semester the briefing of PO, PSO, and COs is done by the teachers in the class as it is one of the inseparable part of the teaching-learning process and frequently it is reiterated in the classroom orally. Now all these things have been well-documented and put it in the proper format. All things are displayed on the website also.

Communication to Teacher -

IQAC works as a torchbearer so immediately after the inception of new syllabus, interaction takes place in IQAC meeting to recognize the various outcomes. Accordingly, all teachers are encouraged to brainstorm about the COs, then PSOs which helps to set up the POs. Stakeholders also exchange with faculties and students about the recent updates included in the syllabus especially the cross-cutting issues and how to make them employable. Teachers who are BoS members for respective subjects have been insisted to inform these PO, PSO, and COs through the prescribed syllabus.

## Communication to Students -

Outcomes are explained by displaying on the institutional website, flex boards in the college campus and included in the college prospectus

## 2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The college has devised a mechanism to measure the attainment of program outcome, program specific outcomes and course outcomes. The mechanism includes the parameters such as higher education, NET/SET examination, university ranks, university results and prizes in different fields. The process of measuring attainment of POs, PSOs, and COs is very much interlinked in a hierarchical manner. POs are well defined by the University. CBCS pattern systematically disseminates the values, information, and knowledge that lead towards PSOs at an institutional level. Institute ensures attainments of the above things by fruitful discussions in CDC, IQAC with feedback received from all stakeholders and set the perspective and strategic plan. Institute's vision is 'Quality Higher Education to the Rural Masses.'. Top priority is to make them 'responsible Citizens of India'. POs - The College offers two academic programmes i.e. Arts and Science. In arts faculty, there are four specific programmes such as Marathi, Hindi, English, and History. There are other optional subjects like Sociology, Political Science, Economics, Geography, Public Administration, Democracy and Governance. In Science faculty, there are two programmes i.e. Chemistry and Mathematics. To evaluate the outcomes of the above programmes, every activity is pre-planned and executed as per the planning.

## 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The College has Registered Alumni Association which works with the following Objectives:

- To guide and render help to the alumni
- To get guidance and help from the alumni
- To keep connected with the alumni
- To get inputs and feedback for the development of the students and college
- To make them share their experience and expertise with the present students

By considering the importance of alumni in the development of the college, we have formed Alumni Association in 2008. Alumni Association is registered on 06.10.2018 under the Registration Act 1950. Alumni Association helps for the f the all-round development college. The college is located in the rural area where most of the students are the first learners of their family. Most of the students of college belong to lower middle class and very poor families. They work in different local private firms and in agriculture related work to meet their family needs. So, the financial contribution to college is very less. In the regular meetings of the alumni, the students assure the institution to help in the further development of the college. The nonfinancial help of alumni association is noteworthy.
